

Nathalie Pentler

Accessibility Specialist

As a CPACC-certified accessibility specialist and wheelchair user, I am dedicated to creating more inclusive digital and physical environments by combining professional knowledge with lived experience of disability.

While working at Axess Lab, I evaluate everything from digital interfaces and PDF documents to ICT in physical spaces. My reviews are based on standards such as WCAG 2.2 and EN 301 549, always with a strong focus on the user's perspective.

Projects and assignments

Aug 2025 - Aug 2025

Accessibility Specialist, Apoteket

Apoteket

Physical accessibility audit in two of Apoteket's stores in the Stockholm area. Audited queuing systems, payment terminals, and parcel lockers informed by my experiences as a wheelchair user. Report based on the European Accessibility Directive, EN 301 549, and WCAG 2.2.
